WAYS TO SAVE MONEY FAST

Text adopted from: <http://www.cosmopolitan.com/abrics/tips/12-Ways-to-Save-Money-Fast>

1. Join your library. You may be shocked to find that its DVD collection is up-to-date and totally If you normally one movie per week, you can save over \$200 a year!
2. Unplug your appliances like coffee pots, toasters, hair dryers, and computer cords when you leave the house. It costs you \$100 per year to power appliances in mode. When you go on vacation, it's a good idea (both for your wallet and the environment) to unplug large energy consumers.
3. Need new furniture? Before heading off to Ikea, check out sites where users list things they don't want anymore. Or, look out for local moving sales - oftentimes people will sell items for "best " just to get of them.
4. Think about your cash. Always know exactly how much money you have on you. It will prevent spending and the shock when you realize you're out.
5. Bring the home. Ask friends to come over for a game night on Saturday. Offering a simple, homemade dessert like cookies or a pie won't cost more than a few if you already have the basic ingredients on hand.
6. Round up all that loose change and take it to the bank to for
7. Do more research. It might be painful to actually look at the breakdown of your, but it's the best way to cut on costs. Check out David Bach's book, *Smart Women Finish Rich*, which explains savings strategies in a totally understandable manner.

Insert the following words in the gaps:

standby *exchange* *bucks* *free* *local* *expenses*
offer *rent* *rid* *party* *cash* *down* *mindless*

Explain the meaning of the following words and phrases in English:

Up-to-date, unplug, appliances, energy consumers, head off to, cash, prevent, have sth. on hand, loose change, breakdown, savings
